Click Launch Live Webinar to join the session.

The screenshot shows a user interface for a live webinar. On the left is a dark sidebar with navigation links: MY ACCOUNT, CE Course Catalog, My Course List, My Certificates of Attendance, Back to my NCNLA Membership Page, Logout, and Help. The main content area has a header 'WELCOME TO YOUR NCNLA CLASSROOM!' and a section titled 'Live Webcast Information' with an information icon. The details listed are: Presented by: North Carolina Landscape Association; Title: New Plants for 2021: What's New for Landscapers and Growers; Date & Time: January 11, 2021 8:30 AM Eastern (7:30 AM Central, 6:30 AM Mountain, 5:30 AM Pacific); Expected Duration: 1 hour. Below this is a 'Join Now' section with a right-pointing arrow icon. It contains the text: 'To launch this live webcast, please click on the button below.' and a green button labeled 'Launch Live Webinar!'. A large yellow arrow points to this button. Below the button, there is a paragraph about the viewing technology and a link to 'What You Will Need to Access'. At the bottom of the 'Join Now' section, there is a recommendation to test the system with a link: 'Please click here to test your system.'

A new window will open with the session recording. You will need to input your information in the pop-up window in order to track your participation.

The screenshot shows a registration form titled 'New Plants for 2021: What's New for Landscapers and Growers'. At the top, a light blue banner reads: 'Welcome! By clicking "Submit" you are agreeing to our Privacy Policy.' Below this are three input fields: 'First Name:' with the value 'Cindy', 'Last Name:' with the value 'Whitt', and 'Email' with the value 'cwhitt@gmail.com'. At the bottom right of the form are two buttons: 'Decline' and 'Submit'.

Your session will open in a new window with the presentation, links to view the course description, materials available for download and the continuing education credits (CEUs) available. Click the play button on the center of the presentation to start your session.

Checkpoints will pop up on your screen during the presentation to monitor attendance. In order to receive CEUs, you will need to answer EVERY checkpoint question as well as pass a graded quiz at the end of the session. These are not NCNLA requirements, they are virtual learning license renewal requirements. NCNLA cannot override or waive these requirements. Failure to answer the checkpoint and quiz questions means you will not receive any credit.

There will be a chat box in each session. A moderator and the speaker will be available to answer questions and hear comments.

The screenshot shows a web-based presentation interface. On the left is a sidebar with navigation tabs: 'Course Introduction' (selected), 'Speaker(s)', and 'Materials'. Below these tabs is a link 'Click Here for Credit & Certificate'. The sidebar content includes:
Course: Red Headed Flea Beetle Management
Sponsored by: Green Resource
The red-headed flea beetle has been described by container nursery growers in North Carolina as their #1 pest problem. Understanding the life cycle is important to building an integrated pest management program to keep populations low and limit foliar damage that results in lost sales. This presentation reviews those practices and presents insecticide research on the management of larva and adult stages.
Date: January 13, 2021
Chapter: Red Headed Flea Beetle Management
Date/Time: January 13, 2021 9:30 AM

The main content area is a video player with a 'Video' tab and a 'Help' link. The video frame displays a title slide with the following text:
