11:30 AM - 12:00 PM: Lunch, available on a first-come, first-served basis 12:00 - 12:50 PM: Keynote Presentation	Dr. Charlie Hall, Texas A&M University Competing in the Current and Projected Green Industry Economic Landscape With fears of economic stagnation on everyone's mind, it's important to remember that this is not the first time that Americans have taken a hard look at our country and wondered whether our best days were behind us (and it won't be the last time either). In this presentation, Charlie will address the main drivers of our current green industry situation, how our economy has been as resilient as it has, why in spite of increased wages and economic growth consumers still perceive the opposite, and what has to happen for folks to feel like times are good again. Finally, what does all of this mean for the future green industry sales?			 APPROVED	
1:00 - 1:50 PM	Compliant Hiring, Current Trends in Background Screening Kevin von der Lippe, Catapult  APPROVED	Landscape Maintenance and Management in a Brave New World Tom Joyce, Horticulturist  APPROVED	Minimizing Turfgrass Applicators Exposure to Pesticide Lee Butler, NCSU  APPROVED	Enhancing Technical Skills: The Role of Contractors in Irrigation Systems Brad Vice, Carolina Land Consultants  APPROVED
